Jennifer,  
Sorry to take so long to get back with you. (b) (6)

FSTM#2 comments are being internally reviewed.  
They are close, just not ready to send out yet.  
There are many duplicates, and several different methods which are mentioned as to how to move forward. We are synthesizing these down and developing a single suggested path forward, so that they don't spend a bunch more time bouncing around trying to get this done.  
This has taken a huge amount of time and effort on all parties concerned. More than I certainly ever imagined.  
Hopefully, it will be back to them shortly.  
Smoky calls might be beneficial, but currently most all we are working on is FSTM#2 and the proposed Snow Fence.  
I will run it by Jeff, and see if he wants to start them up again, as per your request.  
Best wishes.  
ab

Hi Art!  
Hope you are doing well. Just checking in – what is the status of the FSTM2 comments; Have those been combined and submitted to Simplot?  
I was also wondering if there has been any talk of starting back up the smoky calls again for the agency team and Simplot to discuss timeline/updates.  
Thanks!  
Jennifer
